

*Placing Clients First in
Environment, Health and Safety*

rea[®]

Advancing Health and Safety

Mission

To deliver first quality consulting, training and engineering services, to help organizations achieve their goals for protection of employee, public, and environmental health and safety.

Capabilities

- Asbestos Management**
- Auditing**
- Construction Project Safety Management**
- Environmental Compliance**
- Indoor Air Quality**
- Industrial Ergonomics**
- Laboratory Services**
- Management and Regulatory Consulting**
- Mould and Microbiological Control**
- Nosocomial Infection Prevention**
- Occupational Hygiene**
- Process Safety Engineering**
- Service Outsourcing**
- Training Services**

Environmental, Health and Safety Training Services

Workforce

- Joint Health and Safety Committee Basic Certification
- Joint Health and Safety Part II Certification - Office
- Joint Health and Safety Part II Certification - Industrial
- Joint Health and Safety Part II Certification - Health Care
- Canada Labour Code, Part II - Work Place & Policy
- Health and Safety Committees
- Asbestos Hazard Awareness
- The Confined Space Basic Skills Course

Managerial

- OHS for Managers and Supervisors
- Canada Labour Code, Part II - OHS for Managers and Supervisors
- Contractor and Project Safety Management
- OHSAS 18001 - OHS Management System Awareness
- OHSAS 18001 - OHS Management System Implementation
- Workplace Pandemic Influenza

Professional

- Pre-start Health and Safety Review and Machine and Process Safeguarding
- Occupational Hygiene Intensive Short Course
- Fitness for Duty and the Return to Work Process
- Ergonomic Coach Training Session - Office Environment
- Ergonomic Coach Training Session - Industrial Environment
- Job Hazard Analysis Training
- Workplace Chemical Regulations in Ontario
- Environmental Protection Regulations in Ontario
- Infection Prevention in Health Care Construction and Maintenance
- Mould: Identification and Control in Facilities

Other Training Services

- Custom Courses
- In-House Training
- Web Based Training

WSIB Approved Provider

For Health and Safety Committee Certification

Instructors

- Paul R. Bozek
- John H. Murphy
- Harold E. Oxley
- Alex N. Safronsky
- Ana Derksen
- Joanna Tam
- Anne-Marie Landis
- Jane Gowland
- Lisa Barrow
- Jeffrey Harris
- Karen Isber
- Marek Plawinski

Safety Engineering Consulting

Analysis, Planning and Design

- Ergonomics Analysis
- Task Hazard Analysis and Documentation
- Safety Engineering Design and Specification
- Physical Demands Analysis and Documentation
- Area Classification of Hazardous Locations
- Manufacturing Risk Assessment
- HAZOP Studies

Installation and Commissioning Safety

- Zero Energy / LOTO Analysis and Documentation
- Safe Operating Procedures
- Safeguarding Verification

Compliance Assurance

- Fire Code Compliance Audits
- Pre-start Health and Safety Review
- Process-related Environmental and Occupational Hygiene

Investigation

- Forensic Safety Engineering Investigation
- Critical Incident Investigation and Analysis

Safety Engineering Training

- Manufacturing Safety Management
- Pre-Start Health and Safety Review for Professionals
- Process Change Safety Management (Industrial Ergonomics)
- Machine and Process Safeguarding
- Industrial Ergonomics Course

REA Envirohealth International

REA Envirohealth International provides occupational and environmental health and safety consulting and training services to clients in the Caribbean, South and Central America.

Services

- Management Advisory Services
- Safety Committee Member Certification
- Safety Committee In-house Support
- Workplace Inspections
- Risk Assessments
- Indoor Air Quality (IAQ) Monitoring
- Non-ionising Radiation Testing
- Asbestos Testing
- Toxic Gas Detection
- Thermal Comfort Surveys & Heat Stress Assessment
- Noise Monitoring
- Chemical Exposures Evaluation via Urine or Blood Analysis
- Construction Site Safety
- Soil and Surface Water Analysis
- Near-shore Marine Pollution Assessment
- Effluent Testing
- Ambient Air Monitoring
- Community Noise Assessments
- Data Formulation for Environmental Impact Assessments (EIAs)

Safety Products & Technology

REA Envirohealth International is an authorized distributor for:

- QUEST Technologies Inc.
- LEVITT Safety Ltd.
- SKC Inc.

REA Contracting Services

Resource Environmental Associates (REA) provides turnkey hazardous materials abatement services to owners of commercial, industrial and institutional facilities.

Services

- Mould Abatement
- Toxic Metals Abatement
- Hazardous Materials Encasement
- Ventilation System Decontamination
- Health Care Construction Infection Control
- Facility and Plant Decontamination
- Asbestos Removal and Repair
- Confined Space Entry

Approved Applicator and Canadian Distributor

GLOBAL Encasement, Inc.
